

## SENATOR REED OPPOSES LEAGUE OF NATIONS

Would Be Most Monstrous Doctrine Ever Proposed

WASHINGTON, Nov. 21.—Opposition to a league of nations was voiced late today by Senator Reed of Missouri, Democrat, who in a speech in the senate declared any arrangement that would cause the United States to be embroiled in European troubles was "the most monstrous doctrine ever proposed in this republic."

George Washington's advice against "entangling alliances" was read by Senator Reed, who declared that the United States became the foremost nation in wealth, manpower and education because of adherence to "the teachings of the creator of this republic."

"Now it is proposed that we renounce our ancient policy," continued Senator Reed, "and become entangled in every broil in Europe for the present or that may happen hereafter. That is the most monstrous doctrine ever proposed in this republic."

An international court also was declared to be dangerous by Senator Reed who pointed out that for it to be effective it must have a force able to conquer any single nation in the world or any combinations of nations not in the league.

Would Endanger U. S.

"Even this army of court would be able to conquer the United States," declared Senator Reed. "A man who would create an army that can conquer the United States is a greater traitor than Benedict Arnold."

Senator Reed said it was not known who would command this army, and declared that in time possibly a German will be at its head.

Regarding the proposed international court, Senator Reed said:

"If you stop to think, you will be appalled at the idea that any man could ever have suggested such a thing."

"If the United States would have a single vote in the court," Senator Reed said, "it would rank with Haiti, Liberia and other small countries in settlement of questions vital to the life of America."

"If we are to have greater representation, what becomes of the doctrine of the equality of nations?"

Senator Reed then presented charts showing the close blood relationship of crowned heads of Europe and said:

"Imagine the condition of the American republic going into this court composed of representatives of these ruling houses—blood relatives. They make a spider's web into which the American fly is invited."

"Dare any man propose to submit the Monroe Doctrine to any tribunal of Europe and kings or of European nations," shouted Senator Reed.

Troubles Can Be Settled.

Regarding the league of nations Senator Reed said he did not know how dreamers dream on the subject, but declared that principles of international law can be settled by treaty without resort to a league of nations.

In discussing the composition of the league, he asked "if the unspeakable Turk," would be included with the Roman Catholics, Russian, Jewish and Protestant churches.

"Does any one believe that England would yield her mighty fleet?" he asked. "England would be the master nation of the world and all other nations would be subject to her if she so chose."

Europe, Senator Reed continued has often been in war because of the hatred of rival races and he said this hatred will spring into flame, as long as there are men and women on the earth.

The world war, he asserted, might be traced to this hatred.

Ambitions of France and Germany to extend their borders, and to England to place its power in every quarter of the world, "are part of the blood of the people," the Senator added.

"In all this maelstrom of business," he continued, "it is proposed to thrust the United States. It is proposed that every time there appears a cloud on the horizon of Europe that we shall issue the draft call our boys from the farm and pour out their blood in controversies that do not affect us one bit."

Life of Country at Stake.

The life of the republic may be at stake in the issue, Senator Reed declared, adding that the very foundation on which the republic stands is involved.

The policy of the friendship of the United States to South American republics also is involved, the speaker said and added that it meant the binding of this government to European kings. He declared he protested against such a policy "in the name of the fathers of the republic and the boys of the nation."

Referring to the war Senator Reed said he estimated that it

## German Vessel Sunk While On Way to Surrender

LONDON, Nov. 21.—(By the Associated Press).—One German destroyer while on its way across the North Sea with the other ships of the German high seas fleet to surrender to the allies struck a mine. The warship was badly damaged and sank.

The German fleet surrendered to the British today. It became known this evening, consisted of nine battleships, five battle cruisers, seven light cruisers and fifty destroyers.

The surrendered German fleet will be taken to the Scapa Flow tomorrow.

The Scapa Flow is in the middle of the Orkney Islands, off the northeast coast of Scotland. It is a small inland sea with an area of fifty square miles. It contains many small islands and has numerous good harbors and roadsteads.

There is good anchorage in the Scapa Flow for a great number of large vessels. Before the war it was the headquarters of the British home fleet during the naval training season.

## URGE CREATION OF NEW TARIFF COMMISSION

NEW YORK, Nov. 21.—Creation of an international tariff commission was urged as a step toward the solution of the foreign trade question in a statement issued here today by the committee on reconstruction of the Social Democratic League of America.

This commission, the committee asserted, should "establish and maintain a reciprocal system of tariffs, based upon the maintenance of living standards for wage workers in importing and exporting countries as well as uniform prices for home and foreign markets. The step it was explained by William English Walling, secretary of the league, would be a middle path between the extremes of free trade which he declared would be "unfair to disorganized countries like Russia and China," and absolute protection which he predicted would "keep international trade at a minimum and lead to commercial wars."

"Checking up of international trade," declared Mr. Walling, "means checking of the greatest force that is drawing the nations together economically."

## BAKER CANCELS MANY WAR CONTRACTS

WASHINGTON, Nov. 21.—Cancellation of war contracts involving more than one billion, three hundred and thirty-six million dollars since the signing of the armistice is announced in a letter from Secretary Baker read to the senate today by Senator Martin of Virginia, chairman of the appropriations committee.

"Edward Cluett, the leading French authority on international law, has given it as his opinion that it is impossible to demand the former emperor's extradition," the Senator said.

Owing to the complexity of the question M. Lyon-Caen has asked that he be given time to prepare a reply, a Liberator says.

## KING GEORGE WILL VISIT PARIS

Paris, Nov. 21.—King George and Queen Mary of England will visit Paris late this month.

Paris, Nov. 21.—Premier Clemenceau has asked Charles Lyon-Caen, dean of the faculty of law at the University of Paris to give an opinion on the question whether the extradition of William Hohenzollern, the former German emperor can be demanded. Owing to the complexity of the question M. Lyon-Caen has asked that he be given time to prepare a reply, a Liberator says.

## National Prohibition Bill Signed By Wilson

WASHINGTON, Nov. 21.—President Wilson today signed the emergency agricultural appropriation bill with its legislative rider providing for national prohibition from next July 1 until the American army is demobilized.

The prohibition amendment to the agricultural measure caused a long fight in the senate. Officials of the shipping board opposed its adoption on the ground that taking beer from ship builders would make for discontent which would be reflected in their work.

Secretary Daniels, who was called before the senate committee holding the hearing, combatted this theory saying that after sale of intoxicants around naval establishments had been stopped the output of the workmen increased. He referred especially to the Mare Island, Calif., navy yard.

Unless the presidential proclamation under the food control act is rescinded the prohibition amendment will affect only the manufacture of wine for the brewing of all beer must cease December 1 under the president's proclamation. The manufacture of whiskey was stopped soon after the nation entered the war. Under the amendment the manufacture of wine will cease next May 1 and, should brewing of beer be allowed to continue after December 1 it also would stop May 1 under the new law.

After next June 30 no intoxicating liquors of any kind may be sold in this country for beverage purposes except for export until such time as the president by proclamation shall declare demobilization complete.

The amendment also prohibits the importation of any intoxicating beverages into this country from the time the bill is approved by the president until the demobilization of the army is completed.

## PERSONNEL OF U.S. DELEGATES STILL IN DOUBT

Interest Centers In Nations to Participate in Conference

WASHINGTON, Nov. 21.—Aside from the personnel of the American delegation and the preparations for President Wilson's journey to France interest here in the peace conference centers on what nations are to participate in the deliberations.

The agents powers and the United States have borne the brunt of the war and their representatives will outline the plan of procedure for the conference. These representatives also will determine the extent of participation of other nations which have declared war on the central powers, others which only severed diplomatic relations, still others which observed a "benevolent neutrality" toward the associated nations, and finally, the neutral nations which might seek representation on the ground that their future will be vitally affected by the expected decisions of the conference. Each nation admitted to participation in the conference will be regarded as a unit. The numbers of its commissioners or delegates will not matter nor is it expected that decisions will be recorded on the basis of majority votes of these units. If the usual rules governing such international gatherings are observed at Versailles and officials here believe they will be no attempt will be made to bind minorities to the opinions held by the majority of the commissioners. Each nation will be free to vote as it sees fit, but decisions of principles proposed to the conference or to withhold its assent. Recall the Hague Convention.

In the Hague convention a number of governments declined to accept certain rules laid down and others did so only with reservations which were set out with great exactness in the protocol. Yet these divergent views did not prevent the agreement of the conference upon the great general principles the adoption of which was the main object of the powers which conceived and brought together the international gathering. Nothing has yet been officially announced regarding the composition of the American commission to the conference and one high official said today that nearly everything that had been said on the subject is only guesswork and that President Wilson himself is the only person who knows who will be the American representatives.

Only a few attaches of the commission will be taken from the United States, the entire personnel numbering probably not more than 25 or 30 persons. Great pressure is being brought to bear by persons who wish to attend the conference to be admitted to the party in one capacity or another, but word had gone forth from the white house that the number must be restricted because all needs of the commission in the way of clerical and even expert help can be met from the present large staffs of the American embassies in Paris and London. General Bliss' staff and General Pershing's headquarters staff.

The man-power record, the order points out, has extremely valuable uses in the administration of war insurance, the treatment of deserters and delinquents, and the preparation of the historic record of the war.

Washington, Nov. 21.—Extreme care in the protection and completion of all draft board records is asked by Provost Marshal General Crowder in orders sent today to state draft executives.

The man-power record, the order points out, has extremely valuable uses in the administration of war insurance, the treatment of deserters and delinquents, and the preparation of the historic record of the war.

Washington, Nov. 21.—It was a German destroyer, not a light cruiser, which struck a mine and sank in North Sea, according to information received here late tonight.

AMSTERDAM, Nov. 21.—The town of Posen and a great part of the province of Posen in Prussia, are in Polish hands, according to the Berlin Vorwaerts. The Poles in the Soldiers' and Workmen's organizations have seized the reins of power and are forming a legion. They are in possession of munitions and provisions.

HARWICH, England, Nov. 21.—Another flotilla of German U-boats surrendered today to a British squadron. There were nineteen submarines in all; the twentieth, however, had been broken down on the way.

WASHINGTON, Nov. 21.—Restrictions on the exportation of raw cotton to Great Britain, France, Italy, Belgium and Japan, were removed today by the war trades board. The committee on cotton distribution. The order is effective December 2nd.

## WILSON CRITICISED IN SENATE BY REPUBLICANS

President's Action of Taking Over Marine Cable Systems Denounced—George Creel, Chairman of Committee On Public Information, Also Target for Solons.

WASHINGTON, Nov. 21.—President Wilson's action in taking over control and operation of marine cable systems and express agencies was vigorously criticised today in the senate by Republican senators who said it was part of a plan to establish permanent government ownership. The speakers were Senators Watson of Indiana, Kellogg of Minnesota and Sherman of Illinois, and in the course of the debate the president was criticised for his decision to go to Europe and George Creel, chairman of the committee on public information, who, it has been reported, is to accompany the president, also was attacked. Senator Watson denounced the president's action in taking over cable lines as a breach of faith and charged that their control was inspired by a desire for government censorship of dispatches during the peace conference so that the representatives of European nations at the peace table may not know what is being said in the American congress about the conference. In the midst of the debate, Senator Lewis of Illinois the Democratic whip sought to reply to the Republican senators, but did not get recognition. He did, however, offer a resolution which would put congress on record as favoring government ownership of railroads and telegraph and telephone lines.

Senator Watson Assails Wilson. In declaring his belief that the president's action was a breach of faith, Senator Watson said congress voted this extra-ordinary power for war purposes only.

"Why is that step taken?" asked the senator. "In my belief it is taken simply because of the fact that the president is loath to give up any of the power that we have clothed him with, and that those subordinates about him, including those of the cabinet, do not intend to relinquish that power unless compelled to do so by legislative action."

"We are left to the wide field of conjecture as to why the president saw fit at this particular time to take over the cables. Certainly no one will claim that he is taking them over as a necessary part of war. I take it for granted that when the president leaves these shores to all intents and purposes the cable lines will be cut. I take it for granted that he does not intend that any man at the peace table shall know what is being said in the house of representatives and on the floor of the senate, and I take it for granted that we are not to know on this side what they are doing."

"With George Creel at that end controlling all of the messages and information and with Albert Burleson at this end controlling all of the sources of information, it is very verbiage in fact, the country may well be warned that it may take at least with a grain of salt whatever is published as to what happens on the other side."

Senator Sherman said there might be some necessity for the congress which began last December 3 ended at 5 p. m. today.

EDINBURGH, Nov. 21.—(By the Associated Press).—Germany's high seas fleet after its surrender to the allied navies was brought to the Firth of Forth today. The British and five American battleships and three French warships in two long columns escorted the seventy-one German vessels to their anchorage.

## DETAILED PLAN FOR REVISING REVENUE BILL

Calls for Six Billion Next Year—Four Billion In 1920

WASHINGTON, Nov. 21.—A detailed plan for revising the pending war revenue bill to impose taxes and provide revenues aggregating about \$6,000,000,000 next year and for four billion dollars in 1920, in line with Secretary McAdoo's recommendations was submitted today to the senate finance committee by Chairman Simmons. A decision on the plan was deferred, but a vote may be reached tomorrow. Republican members vigorously opposed the proposal to establish 1920 tax rates in the measure, but Chairman Simmons said they were advised that if they obstruct passage of the bill with the majority's plan to provide 1920 taxation a straight levy of 80 per cent on war profits, to furnish the government necessary revenues will be put through.

Senator Simmons' plan to reduce the bill to \$6,000,000,000 for 1919 proposes retention of the house rates on incomes and war excess profits, except the six per cent differential on undistributed corporation earnings; elimination of the 20 per cent taxation on luxuries and retention of other special, miscellaneous taxes, but at rates not to exceed an increase of one third over those of the existing law.

For 1920 Senator Simmons' plan contemplates abolishing the war profits tax, reversion of individual and corporations' normal income rates from 12 to 8 per cent and reduction by about one third in the excess profits schedule as now proposed in the revised committee draft. Altho the special miscellaneous taxes would be continued at the 1919 rates.

Both plans for 1919 and 1920 as presented by Senator Simmons were said to have the approval of the treasury department and also generally, of the Democratic members of the finance committee. Republicans indicated general satisfaction with the 1919 suggestions but again opposed the 1920 extension. Senator Simmons said the Democratic committee members are determined upon the 1920 plan because they believe it is unwise to fix taxes only for 1919 without informing the business world of the future program. The committee hopes to have the bill ready soon after the new session of congress convenes Dec. 2, but the Republican opposition and other considerations may delay its enactment until next January.

SERVICE OF SUPPLY. A GREAT HELP. TOURS, France, Nov. 21.—By the Associated Press.—Lieutenant General Hunter Liggett, commander of the American first army has sent his congratulations to the service of supply in the following message to Major General James G. Harbord, head of the supply service.

"The first army of the American Expeditionary Forces desires to convey its full appreciation for the great assistance afforded by the officers and soldiers of the service of supply during its recent battles."

"The battles of the Argonne and the Meuse were hard and continuous for nearly two months. During this period you never failed us. Food, ammunition, clothing, medical attendance and other supplies always were at hand. Our confidence in your efforts were well repaid. The first army, A. E. F., congratulates the service of supply on its share in the great American success."

"Without your energy and push back of us our efforts would not have succeeded. You share with us the glory of our deeds."

The senate proposal to invest-  
gate the election expenditure of  
H. H. Newberry, senator-elect  
from Michigan, has been killed  
by the senate privileges and elec-  
tions committee. It is just as well  
for no investigation of election  
expenditures of recent years has  
developed any public information  
of real value. The law providing  
for the publication of campaign  
expenditures and limiting the  
amount to be spent is so imper-  
fect that a great deal of "side  
stepping" is permitted and the  
returns when published do not  
present any accurate information.

NO CAMOUFLAGE  
ABOUT ARMISTICE.

Those Americans who feared  
any "back fire" or German  
treachery in the armistice agree-  
ment, and thought of the pos-  
sibility of the allied armies walk-  
ing into a military trap, have  
their fears allayed. In addition  
to vast stores turned over to the  
allies, a large number of German  
submarines are now in their  
possession and yesterday the  
German fleet, long bottled up in  
the North Sea was surrendered.

The surrender of the fleet will  
convince the most skeptical that  
Germany is down and out and is in  
an abject position in demanding  
peace.

## FARM PROPERTY

Farmers need not fear a collapse along agricultural lines, the  
store houses of the world are empty. It will take years to accumu-  
late a surplus. In the meantime prices must rule high, perhaps  
higher than now. Listen! Even before the boys get home I am re-  
ceiving applications for farms for the boys. Prospective land buyers  
who have been waiting for the outcome are beginning a scramble now  
and business will be brisk during the winter months.

(A) Two and one-half miles from town we have sixty acres,  
nearly all level farming land with a nice seven room house, nearly  
new barn for twelve horses and other useful out buildings. Price  
\$30.00 per acre.

(B) One hundred forty-nine acres southwest of Franklin, thirty  
acres good bottom land, balance blue grass pasture with some timber.  
Nearly new five room house, barn for six horses. Well fenced and an  
excellent investment at \$75.00 per acre.

(C) To exchange for city property: One hundred sixty acres of  
which one hundred acres is good farming land, balance good blue  
grass pasture. Excellent house of six rooms, barn for eight horses  
and other buildings. All fenced with woven wire, \$100.00 per acre.

(D) Special. Four hundred acres of prime black prairie land in

CABLE SEIZURE  
CRITICISMS.

No recent administration act  
has caused a stir equal to that  
of the seizure of all trans-Atlantic  
cables. Republican leaders in  
congress see in this movement a  
usurpation of war time authority  
not for war purposes, and make  
the seemingly well founded criti-  
cism that the president has taken  
this action so that he will be in  
absolute control of all messages  
sent to the United States bearing  
upon the peace conference. Sen-  
ator Sherman has made a char-  
acteristic attack upon this action  
and in this instance the senator's  
vitriolic verbiage has found much  
more of civilian approval than  
was given to his attacks upon the  
administration while the war was  
in progress. It was acknowledged  
in those earlier criticisms that the  
senator was telling the truth, but  
many of his constituents did not  
think that the time was well cho-  
sen.

In the seizure of the cable sys-  
tem the administration is receiv-  
ing sharp criticism from many  
Democrats as well as Republicans.

INDIVIDUAL RESPONSIBILITY  
CAN CURE FLU EPIDEMIC.

In the present influenza situa-  
tion there seems to be a good deal  
of honest difference of opinion as  
to the right methods to follow in  
order to bring an end to the epi-  
demic. Some people have held  
the view that all persons appear-  
ing on the streets should be com-  
pelled to wear masks. There  
would be little advantage from  
such procedure unless the strict-  
est rule was followed of sterilizing  
the mask every time after its re-  
moval.

Still others believe that placards  
should be posted all about the  
business districts, requiring that  
people shall not congregate in  
the streets or banks—that is  
what only a few persons shall be  
admitted at a time. This plan has  
much to commend it.

Then there are others who  
have the more radical view that  
business houses and industrial  
plants should be closed entirely  
for a few days. Even this would  
not effect the desired end unless  
the people themselves were im-  
pressed with personal responsi-  
bility and all took special care  
about visiting homes where per-  
sons are ill with the disease, or  
if residents of such homes care  
about visiting others.

After all, just the best way to  
stamp out the disease is thru this  
method of personal responsibility.  
If each person will join in the  
common effort not to be exposed  
to the disease or to expose others  
the end will not be far off. Mean-  
while there seems to be no special  
reason why business should not  
proceed as usual, if people will  
only take the precaution of avoid-  
ing groups and crowds. If people  
will to their shopping or visit-  
ing and avoid unnecessary so-  
cial intercourse general business  
can proceed as usual and the  
disease will disappear.

This statement is not based on  
medical authority, for medical  
authorities disagree, but it is cer-  
tainly based upon common sense  
and a general observance of the  
situation thru a period of weeks.

WAR TIME DRIVES  
ARE OVER.

The more particulars are re-

ceived of the United War Work  
drive, considered in a nation wide  
way, with the more reason can  
the people of Morgan county look  
with pride upon the record made  
here—one which is to be im-  
proved with still other subscriptions.  
While several counties in the  
state made a better record than  
Morgan county, a very large num-  
ber did not equal the Morgan  
county showing. Considered in a  
country wide way the figures from  
this county are fine, indeed, for  
in many localities there was dif-  
ficulty in reaching the original  
quota, to say nothing of the de-  
sired 50 per cent over-subscrip-  
tion. The feeling that the war is over  
and that the money will not be  
needed was largely the cause of  
the difficulty in raising the war  
work fund, for there certainly is  
no lack of patriotism here.

Without any undue self-com-  
placency the people of Morgan  
county can look upon their war  
time record with satisfaction.  
Happiness, prosperity, satisfaction  
and opposite conditions are large-  
ly a matter of comparison, and so  
the feeling of satisfaction is in-  
sured here by comparing the Mor-  
gan county war record with that  
of some other localities.

As one considers the United  
War Work campaign and the de-  
cision made to secure the 50 per  
cent over-subscription, it appears  
that those in charge of the nation-  
al effort sensed that peace was  
near, the subscription was origi-  
nally outlined would not be  
sufficient, and that it would be  
very difficult six months from  
now to raise another subscription.  
If that was the view taken, good  
business sense was displayed and  
no doubt the people of this coun-  
ty and elsewhere have driven  
in their last war work drive.

Another Liberty Loan is ex-  
pected but not a great deal of dif-  
ficulty in placing the bonds is an-  
ticipated. The war is over now  
and financial men know that,  
based on precedent, government  
bonds will have a little later on sell  
at a premium above their face value.  
The next bonds are likely to find  
ready sale merely as an invest-  
ment, without any special appeal  
to the patriotism of the people.

## TURKEY TIME

Thanksgiving Day is drawing  
nigh, we plan the bill of fare,  
discuss the juicy pumpkin pie,  
the turkey and the rare. We  
have such cause for gratitude,  
for patriotic pride, we contem-  
plate some oysters stewed, or  
peradventure, fried. The season  
bids us shake off gloom, let mirth  
and music flow; while in the  
Potsdam dining room the Kaiser's  
eating crew. The weary war  
will soon be done, its fire will  
fade and burn, and from their  
conquest of the Hun our soldiers  
will return; and waiting moth-  
ers will embrace the sons they've  
missed so long; and sweethearts  
meeting, face to face, will sing  
love's old sweet song. We'll cele-  
brate the war lord's doom with  
all the curves we know,  
while in the Potsdam dining room  
the Kaiser's eating crew. The  
Kaiser's eating crew, my boys, and  
so is Ethel Fritz, and Kronprinz  
Friedrich makes a noise like  
one who's throwing fits; there is  
no turkey on the board, a crow  
is all that's there the Kaiser  
carves it with his sword, and  
damns the bill of fare. The crow  
is but a scrawny dwarf, the sick-  
liest of things, and Hindenburg  
and Ludendorff will get the legs  
and wings. Oh, let our faces be  
abloom, let Bill have all the woe,  
as he sits in his dining room,  
and wrestles with his crow.

## THIS DATE IN HISTORY

November 22, 1858—Senator  
Stephen A. Douglas arrived in  
Springfield. When the train  
stopped a salute of thirty-two  
guns were fired and bon fires  
were lighted on the street lead-  
ing to the St. Nicholas Hotel.  
Judge Douglas addressed the  
crowd from the balcony of the  
hotel.

## "SAVE MONEY"

If you want to save money,  
stop and figure to yourself.  
You know approximately  
the amount of gasoline you  
use in a year, figure a sav-  
ing of from five to seven  
cents a gallon on the amount  
of money you would have  
left by buying your gasoline  
and oils of ME. I sell only  
the best of everything. Oils  
and Greases in large or  
small quantities. Gasoline  
today 23 cents. Why pay  
more?

Princess  
CANDY COMPANY  
29 South Side SquareDAVID RANKIN DIES IN  
ST. LOUIS HOSPITAL

Deceased Lived in Scott County  
Many Years—Red Cross Board  
of Directors Re-organized.

Winchester, Nov. 21.—Rev. C.  
W. Caseley and Miss Dorothy  
Hainsworth left Wednesday  
night for Chicago to attend the  
conference arranged by the state  
food administration.  
E. J. Frost received a message  
Wednesday night from St. Louis  
announcing the death of David  
Rankin, the father of Mrs. Frost  
and Mrs. Dan T. Smith. There  
are three other children, Mrs.  
Nellie Wilson, California; Elmer  
Rankin of Lincoln, Neb., and  
Len of Havana, Mr. Rankin had  
been in poor health for the past  
few years and had been in the hos-  
pital in St. Louis for treatment.  
He was eighty-five years of age,  
and had been a resident of Scott  
county practically all of his life.  
He was born in Glasgow and liv-  
ed there for many years, and later  
came to Winchester. His wife  
preceded him in death twenty  
two years ago. Mr. Frost left on  
the early train Thursday for St.  
Louis and accompanied the re-  
mains here Thursday night. Ser-  
vices will be conducted Friday  
afternoon at 3 o'clock from Win-  
chester cemetery.

Miss Mary Jackson left Thurs-  
day for Beardstown to visit rela-  
tives. She was accompanied by  
her sister, Miss Nannie Jackson,  
who is just recovering from a  
long illness of typhoid fever.  
The funeral of Alfred Pak-  
son of Mr. and Mrs. Fred Pak-  
son, occurred at 10 o'clock Thursday  
morning at Winchester ceme-  
tery. Rev. W. R. Johnson had  
charge of the services. The bear-  
ers were school mates, David  
Dawson, Russell Dahman, Ralph  
Peak, David Watt, Raymond  
Punk and Floyd Wallace. The  
many beautiful flowers were in  
charge of Miss Alice Mudd,  
Louise Dean, Kate Hamilton,  
Mary Hamilton, Agnes Smithson,  
Vivian Vannier.

The board of directors of the  
Red Cross held a meeting in the  
county board room at the court  
house Wednesday evening for the  
election of fourteen members of  
the board. The following were  
elected: Mrs. Grant Coultas, Mrs.  
Lee Cunningham, Mrs. Gertrude  
Deane, Miss Mary Louise  
Frost, Miss Mary Higgins, Nellie  
Lashmet, Mrs. Cal Simmons,  
Mrs. George Burrus, Mrs. Hardin  
Young, Fritz Haskell, Rev. W. R.  
Johnson, John Leib, P. D. Smith,  
Claude Thomas and Guy Paul.

The chairman is Fritz Haskell;  
vice chairman Guy Paul; secre-  
tary Mary Louise Frost and Treas-  
urer P. D. Smith. There were five  
directors who held over and nine  
new ones were chosen.  
It was decided to have the  
chairman of each of the depart-  
ments as members of the board.  
Mrs. George Smith gave a report  
of the home relief work.  
Scott county subscriptions to  
the United War Work fund  
amount to \$14,500. The precincts  
which have gone over the top are  
Meritt, Point Pleasant, Bluffs,  
Oxville, Alsey and Manchester.  
The county is still \$2,000 short  
of the 150 per cent quota.

## WITH THE SICK

Mrs. Frank Plouer, who is a  
patient at Our Savior's Hospital  
is rapidly improving.  
The latest report from Roland  
Stice, who has been very ill from  
pneumonia, is encouraging and  
there is now every indication of  
his recovery.

Mrs. C. A. Barnes is at Passa-  
vant hospital where she went on  
account of an attack of laryngi-  
tis.  
Mrs. T. P. Lanning, who is at  
her home on West State street  
after a month's stay at Passavant  
hospital, is still ill but is improv-  
ing.

J. K. Long continues very ill  
and Thursday underwent a third  
operation.

"Shop sensible and early"  
at Tomlinson's, for him.

## MATRIMONIAL.

## Eustice-Wagoner

Word has just been received in  
this city of the marriage of Miss  
Nellie Gertrude Wagoner to Er-  
skine Phelps Eustice, the cere-  
mony having taken place at noon  
Tuesday, November 19, in Des  
Moines, Ia., the Rev. Mr. Hanson  
of that city performing the cere-  
mony.

Miss Wagoner is the daughter  
of Dr. Elizabeth E. Wagoner, of  
Cherry Apartments, and is a  
young lady of exceptional person-  
al charm and highly accomplish-  
ed. She has resided nearly all  
her life in Jacksonville, attending  
the public schools, the Woman's  
college, and later for a year study-  
ing at St. Mary's in Knoxville,  
Illinois.

Mr. Eustice is an accomplished  
musician occupying an enviable  
position in musical circles in Des  
Moines. He at one time was pri-  
vate secretary to Al. G. Fields  
and flute soloist in the Field or-  
chestra.  
The young couple will make  
their home in Des Moines.

## FUNERALS

Funeral services for Miss Mary  
King were held at Diamond Grove  
cemetery at 10:30 o'clock Thurs-  
day morning in charge of the  
Rev. Myron L. Pontius, pastor of  
Central Christian church. The  
bearers were: W. T. Clarkson,  
Robert Smith, George T. Douglas,  
C. L. Mathis, George Harney and  
S. O. Barr.

ALLEGED CHURCH  
FAULTS ARE CITED

Denver Minister Presents an In-  
teresting Array of Opinions  
Secured From Business Men.

A Denver paper of recent date  
gives the result of a Methodist  
minister's effort to catch the  
"outside" view of church opera-  
tions. In his endeavors along  
this line the minister asked a  
number of well known business  
men in his home city to write  
briefly about what they consid-  
ered the faults of the church. Some  
views of church members were  
also secured along this same  
line, and the replies are both in-  
teresting and informing.

Why is the church of today no  
more of a success?  
Representative men of Denver  
have answered that question for  
the Rev. C. S. Lackland, pastor of  
Grace Methodist Episcopal  
church. Upon these answers Dr.  
Lackland proposes to deliver a  
series of five sermons, beginning  
Sunday evening.

To discover the faults of the  
church, to make his own church  
a real servant of the people, the  
pastor sought the candid opinions  
of various business and profes-  
sional men—church members  
and non-church members—on  
the subject. The replies go  
straight to the heart of the mat-  
ter, for every one of them is bur-  
dened with frankness and  
originality. Summing up the re-  
plies, it is undoubtedly true that  
the average man considers the  
preacher and the church of the  
day as an individual and an in-  
stitution lacking in virility and  
the faculty to get close to men.  
In the opinion of the average  
man the preacher and the church  
are aloof; the preacher, instead  
of grasping some man's hand  
with a hearty "Come on," goes  
into the pulpit with a long face  
and dispenses a lot of kill-joy  
theology that brings no comfort  
to the soul and little entertain-  
ment to the hearers. The re-  
plies would indicate that the  
average man has little faith in the  
preacher of today, other than to  
regard him as an easy-going fel-  
low who does little real good while  
he draws more or less of a living  
wage from his parishioners.

Men on Outside Are More  
Generous.  
On man replied thus: "In my  
opinion more men are not mem-  
bers of the churches are too straight-  
laced and do not get into the  
lives of men."

Another goes deeply into the  
question "If ever I had to help a  
poor devil I would not start by  
taking up a collection in a  
church, as it has been my experi-  
ence that men on the outside are  
much more generous than those  
on the inside."

"What an indictment!" ex-  
claims the preacher.

He'd go "outside" rather than  
"inside," to get help!

And what kind of a preacher  
does the average man want? asks  
Mr. Lackland.  
Here is one man's idea: "The  
kind of preacher who would ap-  
peal to me would be a hard-  
headed man of strong opinions,  
with courage to express them; a  
man who is genial, rugged, kind  
and deeply sympathetic; brisk  
unaffected, honest and a fighter."  
In other words, he wants a red-  
blooded man who casts off the  
vener and gets close to his fel-  
low man; a preacher who forgets  
his creed and theology to help  
some poor devil out of the ditch;  
a man who has the strength to  
pull in the front ranks with  
strong men; a man who has the  
punch and get there.

Another man replies that he  
"never had a great deal of  
sympathy for the long-faced  
preacher who forgets his flock  
when he leaves the four walls of  
his church."

One of Dr. Lackland's corres-  
pondents says: "Clergymen cater  
to the soft and easier—one  
might say feminine traits—in-  
stead of the active, vigorous and  
masculine."

Another in frankness, says:  
"The preacher who would appeal  
to me most is one who would deal  
more with the present and less  
with the past and future."

The ideal church is described  
in some of the replies, which  
read:

"When men turn from their  
work it is something diverting.  
Doleful tunes and woe-panalied  
sermons do not appeal to men.  
Man's nature is to laugh; not  
cry. The average man considers  
the church a kind of kill-joy."

"The ideal church would be  
one that taught the truth and  
squared its teachings by facts  
that does more work and less  
praying."

"Thru the church's insistence  
on the importance of what so  
many people believe to be non-  
essentials in religious life, and  
thru bickerings among their own  
members and over creeds,  
churches have come to be regard-  
ed as centers of theology and men  
are not interested in theology."

The first of Dr. Lackland's ser-  
mons will be from the subject:  
"Is the Church a Progressive In-  
stitution?" The four others con-  
stituting the series will be deliv-  
ered each Sunday evening fol-  
lowing.

## OVERSEAS XMAS PARCELS.

## DEATHS

## Bogges

Mrs. John W. Chipchase was  
summoned to White Hall by the  
death and funeral of her sister-in-  
law, Mrs. John A. Bogges. The  
deceased, who had been ill with  
lung trouble for a long period,  
died at 6 o'clock Tuesday eve-  
ning. Her maiden name was Miss  
Minnie Adams and she was the  
daughter of Mr. and Mrs. Frank  
Adams. Her entire life had been  
spent in White Hall where she  
was born forty-five years ago.  
Mrs. Bogges is survived by her  
husband and one son, who is with  
the U. S. forces overseas. Fun-  
eral services were held Thurs-  
day afternoon.

## Barbre.

John Eli Barbre died at Maple  
Crest sanitarium at 4 o'clock  
Thursday morning of a complica-  
tion of diseases. He had been in  
poor health for several years.  
Deceased was a resident of Cur-  
ran and was born in that place  
April 24, 1850. He was united  
in marriage January 29, 1874  
to Miss Sarah Jane Moore. His  
wife preceded him in death June  
8, 1912 and one child died in in-  
fancy.

He is survived by the follow-  
ing children: William Barbre,  
Mrs. Margaret B. Scales, Jack-  
sonville; Thomas M. Barbre, Chat-  
ham; Clarence A., Charles J. and  
Howard A. Barbre, Curran; Mrs.  
T. O. Davis, Curran, and Mrs. J.  
E. Gardner, Loami. He also  
leaves three sons, one brother  
and 13 grandchildren.

Mr. Barbre was engaged in the  
stock raising business and was ac-  
counted most successful in his  
calling. He was a member of  
Mount Zion Methodist church and  
was active in the work of that  
body. He was a charter member  
of Curran Camp No. 1390 M. W.  
A.

The remains were removed to  
the undertaking parlors of Wil-  
liamson & Cody and prepared for  
burial. They were sent to Cur-  
ran on the Wabash at 5:20 Thurs-  
day evening for funeral services  
and interment.

"GLAD TIDINGS  
ABOUT FORD CARS"

C. N. Priest, the Ford Man,  
received his OFFICIAL NO-  
TICE from the Ford Motor  
Co. that they expect to com-  
mence building Ford Cars in  
the near future, and that it  
would be in order to com-  
mence taking orders for cars  
and trucks to be delivered as  
soon as possible. "A word  
to the wise is sufficient."  
You know how difficult it  
was to get Ford Cars before  
the boys went away, and  
while the gasless Sundays  
were on. Now as the ban is  
lifted on gasoline, and the  
boys are going to return  
home, the demand will be  
greater and cars hard to get.  
Get your order in and have a  
car for Christmas.

## QUEEN WILHELMINA

## HONORED

The Hague, Monday, Nov. 18.—  
Tens of thousands of persons as-  
sembled on the parade today to  
pay homage to Queen Wilhelmina.  
The crowds included various re-  
ligious societies and large num-  
bers of soldiers. Many persons  
wore orange colored badges in  
honor of the House of Orange.  
On the arrival of the royal car-  
riage containing the queen, her  
husband, Prince Henry and the  
little princess Juliana, there was  
a great demonstration, the peo-  
ple unharnessing the horses and  
pulling the carriage out upon the  
parade ground. There was the  
greatest enthusiasm thruout the  
day.

## RETURN PRISONERS

Berne, Nov. 21.—(By the As-

**When Itching Stops**

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and cleanses and soothes the skin.

Ask any druggist for a 35-cent bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

**Cast Their Shadow**

repairs Now to Withstand the Crisis

Do not mistake a shivering dread of a beautiful event of childhood. You can avoid discomfort during the period as rain at the crisis by preparing your system by putting yourself in splendid condition.

For just this purpose women all over the world, in every walk of life, have used for over half a century the time-honored remedy, Mothers Friend. It is prepared to give the mother-to-be that direct relief she needs. The muscles, nerves, tendons and cords are made and kept soft and supple. Pain is avoided, and as a result nervousness, nausea, bearing-down and stretching pains are avoided.

The uterine muscles expand easily and safely when baby is born. Naturally, painless and the hours are fewer. The system prepared and the crisis is one of music and danger.

Write the Druggist Regulator Company, 221 N. Lamar Building, Atlanta, Georgia, for their helpful Motherhood Book, and in a bottle of Mothers Friend from it you can find out how to keep your system in the best of health. It is just as standard as anything you can think of. And remember, there is nothing to fear.

**EXEMPTION BOARD NEWS**

A number of registrants who belong to the 19-36 class have failed to return their questionnaires to the local board. The board is holding up these names before reporting them as delinquents to the office of the adjutant general, as such a report means that the men will be classified as deserters. The board feels that the failure to make return of the questionnaires is simply because of some misunderstanding in the part of the men. If the questionnaires are returned in the course of the next few days the men will avoid the unpleasant experience of being listed as deserters. The men in this list are:

Dan Martin, 916 Cox street.

Harry Emmet Lucas, Chapin.

Charles Eugene Bradley, 662 Caldwell street.

Charles Black, Youngstown, O.

Orley Lee Keys, Douglas house.

Manuel Tyronio, route 3 (Yocmans) Franklin.

**WEAKNESS REMAINS LONG AFTER Influenza**

Reports Show That Strength Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain. One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is leithin also; probably the best brain invigorator known to science. Then there is a good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Leithin; Calcium Glycero-phosphate; Iron Peptonate; Manganous Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleasterin Capsicum; Kolo.

## GOOD REPORT MADE FROM CHAPIN

Subscriptions are still being secured in the United War Work campaign and as already indicated, there are well founded hopes that in the course of the next week or ten days the county's 150 per cent goal subscription may be reached. The Chapin precinct subscription, paid in cash amounts to \$222.50 and a check was received by the treasurer, W. G. Goebel yesterday from T. U. Markham of the Chapin bank. The amount of subscriptions unpaid in that precinct is \$156.50. It is said that more subscriptions were paid in this campaign in cash than has been true in any of the previous campaigns for war activities.

**Wounded Slightly in Action**  
Private Raymond Adams, Ridgeway.  
Private Leslie C. Kester, Crete.

Private Truman R. Jennings, Lowder.

**WOMEN ORGANIZE**  
**COMMERCE ASSOCIATION**  
Chicago, Nov. 21.—The International women's association of commerce was organized at a conference of representative women from different nations today.

The purpose of the new organization is to advance the interests of women in professional, industrial and commercial work throughout the world and to unite all women into an association for co-operative and fraternal helpfulness.

Miss Florence King, Chicago, was elected president.

**NEAR GERMAN FRONTIER**  
London, Nov. 21.—British cavalry were riding across the field of Waterloo on their way to the German frontier. Large numbers of guns were taken over yesterday in groups by the British.

**PERSHING ACCOMPANIES TROOPS**  
Paris, Nov. 21.—African troops will pass thru the city of Luxembourg today. General Pershing is accompanying the forces.

A proclamation has been addressed to the people of Luxembourg announcing that the passage of American troops through their country is necessary and guaranteeing the discipline and friendliness of the soldiers toward the population.

**LIFT BAN OFF LIGHTLESS NIGHTS**  
Washington, Nov. 21.—Lightless nights, made necessary to save fuel for war work until tomorrow, except in states where fuel administrators decided to continue regulations. This announcement was made tonight by Fuel Administrator Gargeld. Removal of other restrictions on the consumption of coal will follow. Dr. Garfield said and voluntary conservation thru requests made on the public will be substituted.

**BRITISH RESUME ADVANCE**  
London, Nov. 21.—Field Marshal Haig tonight reports on the British advance as follows:

"The second and fourth armies resumed their march this morning toward the German frontier. The movement of our troops is being conducted in accordance with program, without incident."

"On our right advanced detachments are pushing forward toward the Meuse south of Namur. On our left we have reached the general line of Gembloux-Wavre."

**SEEK HUN LAW VIOLATORS**  
London, Nov. 21.—A despatch to the Exchange Telegraph from Copenhagen says Hans Delbrueck and other German conservative politicians have appealed to the government to appoint a committee of impartial men including prominent neutrals to investigate accusations of breaches of international law by Germany during the war. The appeal said the investigation must be concluded regardless of the rank or dignity of the accused persons, so that "the German people may be able to clear its conscience."

## WITH THE COLORS

J. D. Anderson Writes

Camp Johnnawise,  
San Antonio, Texas.  
Nov. 15, 1918.

Dear Mother:

Received your letter a few days ago and was glad to hear from you. Hope you are all well as it leaves me at present. It is sure a fine day and is real warm and one feels good. I guess the war is over or will be soon from the way things look now. She is powerless to do anything from now on, but the U. S. will have to keep a large army in that country for a year or more, to put down any petty revolution that may rise. I think many will get their discharge for 4 or 5 months at least. Things are on here just the same as if nothing ever happened, and it is hard to tell who will be let loose first. The quarantine was lifted yesterday and many took advantage of it last night. I think most all of the men that were engaged in agricultural pursuits will be let out by spring anyway. I guess corn shucking is well under way by this time. Is it still as wet as it was? Have they started to shuck at home yet? How is Sam Ruble getting along and will he ever get well? I guess Robert will get his discharge soon. They will get theirs first because they have never been assigned to any branch of service and are in school.

When the negroes at Camp Travis heard that the U. S. was over they packed up their suit cases and started to go home but they didn't get very far. A bunch at Camp Funston, Kansas packed all their stuff up in their barracks bags, and threw them in the Kaw river. They had to get in and get them out. I started this yesterday but did not get to finish it. We had a half day holiday yesterday and all went to town to see the parade for the United War Fund. It was sure fine. It took 2 hours to pass. All the camp took part in it. There were 5 or 6 boys that have been over and wounded. One had a medal of honor on his coat. He sure looked fine. They were all horse back. There were about 20 bands and all good ones too. The 14th cavalry was the best that I ever heard. It is raining and I have to go on guard tonight. Well I have told you about all that I know. I will close for this time. With love to all.

Your son

John.

**WILL HAVE COMMUNITY UNION CHURCH SERVICE**

Literberry Churches will unite in Thanksgiving Services—Influenza Situation is Better—Literberry News Notes.

Literberry, Nov. 21.—Thanksgiving Day will be observed in the Literberry community. Union services will be held in the Baptist church and Rev. C. E. Keltner, minister of the Christian church will deliver the address, Thursday evening, Nov. 28. A more definite program will be announced later.

The U. W. W. committees of the precinct met Wednesday evening and announced continued progress with the work.

The ladies of the Baptist church are planning to give a supper on Thanksgiving eve, Nov. 27.

Rev. C. E. Keltner and Mr. W. H. Crum will leave Thursday evening for Decatur where they will attend a m. ministers' and laymen's conference of the Christian church Friday.

The influenza situation in our community is improving and no new cases have been reported for about two weeks. Services were held last Sunday at the Christian church, and altho the absence of many children was noted on account of the parents being somewhat uneasy a good service was enjoyed.

The Victory Girls under the leadership of Mrs. Earl Underbrink, are reported over the top in this precinct.

**A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE**

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative At Once.

Every mother realizes, after giving her children "California Syrup of Figs", that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know how helpful today's saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs", which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

## SENATOR REED OPPOSES LEAGUE OF NATIONS

(Continued from Page 1)

would cost the United States fifty thousand million dollars

Senator Phelan of California in the last ten minutes of the session of the senate replied to Senator Reed. He said that the Missouri senator's argument that racial differences among nations militates against such a plan is one of the arguments in favor of it. The freedom and democracy accorded to small nations of Europe would be worthless, he declared, unless some agency such as the league of nations is created to protect them.

Replying to Senator Reed's statement that England would not participate in such a league Senator Phelan said that Premier Lloyd George has unqualifiedly declared in favor of the plan. In an executive session of the senate Senator Phelan introduced a resolution proposing that the senate approve the principle of a league "to prevent wars and enforce justice."

London, Nov. 21.—Parliament was prorogued today. The king's speech which was read by commission owing to his absence in Scotland expressed "humble thanks to Almighty God for the success with which it has pleased Him to crown our arms."

The king urged continuance of "the exertions which have carried us to victory until the ravages of war are repaired and the fabric of national prosperity is restored."

**WILL RELEASE MANY EMPLOYEES**  
Washington, Nov. 21.—The war industries board is preparing to release many employees whose services are no longer needed. Those to be dropped will be given two weeks' notice and women whose homes are not in Washington will be given free transportation to their homes, paid for personally by Chairman Baruch. The process of closing up the board's affairs will be gradual and some employees will be retained until after peace is signed.

## Acid-Stomach Victims Sickly, Weak, Unfit, Depressed

Maybe you have an acid-stomach—and don't know it! There are millions of such people—weak, ailing, tired, worn out and all before the day is half gone—listless and indifferent to their surroundings—often with aches and pains all over the body—weakly lacking in physical power and mental vigor—pale, emaciated—just dragging out a weary existence. Nine out of every ten of these people are unconscious victims of acid-stomach.

Thousands upon thousands of people who are subject to attacks of indigestion and biliousness, who are nervous, irritable, mentally depressed, who suffer from rheumatism, lumbago or sciatica—yes, even many of those who have catarrh, ulcer or cancer of the stomach—if the trouble is traced to its source, it will often be found to be just acid stomach. For these are only some of the ailments that are caused by what the doctors call "superacidity," which is another name for sour or acid-stomach.

What you want to know above all else is how to quickly rid yourself of excess acid. A wonderful modern remedy called EATON'S literally wipes it out. It does the work easily, speedily and naturally. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat, and unless you do get full strength from your food you cannot enjoy robust, vigorous health. You eat to LIVE. Your food must give you the strength you get from your food. There is no other way.

EATON'S is in pleasant-tasting tablet form—just like a bit of candy. We urge you—no matter what you have tried—take Eaton's just one week and find out for yourself how wonderfully improved you will feel. See how quickly EATON'S banishes the immediate effects of acid-stomach—heartburn, belching, food repelling, sour, gassy stomach, indigestion, etc. See too, how quickly your general health improves—how much more you enjoy your food—how much more easily the direct-ed—how soundly you sleep—how tireless and vital you feel. All this and all along because of taking EATON'S. You have rid your stomach of a lot of excess acid that has been holding you back and making your life miserable. EATON'S is absolutely harmless. It can be taken by the most delicate. Tons of thousands of people who have used it are enthusiastic in its praise.

This wonderful modern remedy is absolutely guaranteed to you on no risk in giving a trial. Write today—a big box with our positive guarantee that if you are not pleased in every way, you get your box back. You know your druggist and you can easily trust him to make the guarantee good.

**MRS. RICHARD LAVERY  
DIED THURSDAY NIGHT**

Passed Away at East College Street After Illness of Several Years—Will Be Buried at Vandalia.

Mrs. Claire Pelkey Lavery, wife of Richard Lavery, died at the family home, 623 East College street, at 11:20 o'clock Thursday night after an illness of several years. Death resulted from a stroke of apoplexy.

Deceased was the daughter of Mr. and Mrs. Jeremiah Pelkey and was born at Bourbonnais, Ill., November 24, 1852 and was nearly 66 years of age at the time of death. When quite young her parents moved to Vandalia where she grew to womanhood and where most of her life was spent. She was united in marriage in that city to Richard Lavery about 45 years ago. Besides her husband she is survived by two sons, Harry D. Lavery of this city and Vincent Lavery with the engineering corps in service in France and two daughters, Miss Pauline Lavery at home and Mrs. P. A. McDermott of St. Louis. She leaves one sister, Mrs. Ireland of Vandalia.

Mrs. Lavery was a faithful member of the Church of Our Savior. For a number of years a great sufferer she was always cheerful and ready for the call of the Master. She had resided in Jacksonville for four years and while unable to get about much had made a number of friends to whom she had endeared herself by her fine Christian character. Funeral services will be conducted at the family residence and the remains will then be

taken to Vandalia for burial in the family lot in that city. The time of the services will be announced later and burial will be either Saturday or Sunday.

**STATE TO STUDY  
INFLUENZA FACTS**

Illinois will take necessary precautions to prevent a recurrence of influenza, which is probable, and also to guard against high death rate from pneumonia. Martin Dupray, state bacteriologist, left last night for the east, where he will visit a number of laboratories, with a view of securing information that will enable the state to supply the best vaccine, and guard against the disease.

Mr. Dupray will visit Washington, New York, Boston and a number of other cities. Dr. C. St. Clair Drake, state director of health, stated that the visit of Dupray to eastern hospitals will enable Illinois to manufacture vaccine, which will insure persons against this disease. The state department is preparing circulars for use of residents, together with valuable information to ward off pneumonia during the season, which extends from January to May. Teachers in the schools will be advised of the best methods to be followed, and public health officers will be directed to continue their long battle against the disease.

Dr. Drake declares that influenza has always had three occurrences, and indications are that the pneumonia death rate in the state this year will be the largest ever known. He said that while it is true that the disease is again spreading in Europe, the danger is from a flare-up of local conditions, and not from Europe. Dr. John Dill Robinson of Chicago, in a recent statement, declared that the disease is spreading in Europe and it will eventually reach the United States.

"The seed is already in this country," Dr. Drake said. "We may have no fear of the spread from Europe, but it is now up to the people of the state to battle the disease, which in some portions of the state is spreading."—Springfield Journal.

**BECOMES MORGAN  
COUNTY RESIDENT**

E. D. Scott, who will occupy the old homestead when his mother and family move to town, arrived from Udall, Kans., with his car of effects Sunday. Before leaving there he had a sale at which 20 head of Polled Durham cattle he was breeding brought \$4,000. His herd bull sold for \$250, one cow for \$285 and a bull 10 months old for \$220. He brought four heifers out of the herd with him and expects to build up another herd here. Mr. Scott tells us he spent about \$200 for his sale advertising and auctioneers and is satisfied that the investment paid him well.—Franklin Times.

**AMERICA'S MILITARY  
EFFORTS AMAZING**

Almost 2,000,000 Men in France When Armistice Was Signed—Vivid Story Given by Associated Press Correspondent.

American Headquarters in France, Tuesday, Nov. 19.—(By The Associated Press.)—The extent of America's military effort in France at the time the armistice was declared is shown by statistics which The Associated Press is now permitted to make public. While the figures required to tell the story are in themselves amazing, it should be remembered that they show only a part of the great effort made in war preparations in men, money and material.

On the morning of November 11, the United States had in France 78,391 officers and 1,881,376 men, a total of almost 2,000,000. As has already been announced, there were 750,000 combat troops in the Argonne section. This number does not include the American units engaged on other parts of the front. The American army has brought to France and has in operation 967 standard gauge locomotives and 13,174 standard gauge freight cars of American manufacture. In addition it has in service 350 locomotives and 973 cars of foreign origin. To meet demands which the existing French railways were unable to meet, 843 miles of standard gauge railway were constructed. Five hundred miles of this have been built since June 1. On top of this, the department of light railways reports the construction of 115 miles of road and 140 miles of light German railways were repaired and put in operation. Two hundred and twenty-five miles of French railway were operated by the Americans.

**Build Many Roads**  
In building new roads as the exigencies of battle operations required in keeping French roads repaired under the ceaseless tide of war transport and in constructing bridges in devastated battle regions, American engineers worked day and night. The whole region behind the American lines is full of typical American road machinery, much of it of a character never before seen in Europe. To do this work the American expeditionary forces had in operation November 11 more than 53,000 motor vehicles of all descriptions.

Even at the present time it is not permissible to hint at the vast stores of munitions and armament brought over and held in readiness. The Associated Press, however, is allowed to give approximate figures showing what has been accomplished in the accumulation of food supplies. It will be seen that the American expeditionary forces were in no danger of being placed on short rations, had the war continued, although the Americans had promised the allies vast quantities of food.

**Many Rations on Hand**  
In any terms, one ration represents the quantity of each article each man is entitled to daily. It is interesting to note the supply of some of the principal ration components on hand today. For instance, the Americans have 300,000,000 rations of beans alone, 183,000,000 rations of flour and flour substitutes, 267,000,000 rations of milk, 161,500,000 rations of butter or substitutes, 143,000,000 rations of sugar, 89,000,000 rations of meat, 57,000,000 rations of coffee and 113,000,000 rations of rice, hominy and other foods. There are requisites such as flavorings, fruits, candy and potatoes in proportion, while for smokers, there are 761,000,000 rations of cigarettes and tobacco in other forms.

**Steamer Berths Built**  
Ten steamer berths have been built at Bordeaux, having a total length of 4,100 feet. At Montoir, near St. Nazaire, eight berths are under construction with a total length of over 3,200 feet. These, however, do not indicate the magnitude of the effort of the engineering corps. In this phase of improvement to French ports great labor has been expended in dredging operations, repairing French docks and increasing railway terminal facilities. Warehouses having an aggregate floor area of almost 22,000,000 square feet have been constructed. This development of French ports increased facilities to such an extent that even if the Germans had captured Callas and other channel ports as they had planned the allies' loss would have been strategically unimportant.

**AMERICAN RED CROSS  
ENTERS INTO GERMANY**  
PARIS, Nov. 21.—A delegation of the American Red Cross has crossed the Rhine into Baden at Hunsingen, (Huningen) placing the first Americans on German soil. The place where the river was crossed is a short distance north of the Swiss frontier. The German soldiers accepted American flags and officers cleared the roads for the Red Cross trucks and insisted that the Red Cross workers drink with them. German soldiers councils in Baden are selling German arms and supplies. The proposition which is revolutionary, is in complete control. Ragged and famished Italians almost raised the roof of the Red Cross canteen with cheers when the Americans opened the place. The Red Cross delegates reached Switzerland today. Two hundred trucks were fed. A canteen was established at St. Louis. Ten thousand Germans passed the canteen, all wearing the revolution red ribbon or rosette. The officers and men carried red flags.

**MEMBERS URGED TO  
CONTINUE AID**  
WASHINGTON, Nov. 21.—Attorney General Gregory in a letter to the national directors of the American Protective League called upon the officers and members of that organization to continue their effective aid and co-operation with the department of justice. They were asked especially to watch for and report illegal activities harmful to the public morale during the discussion of peace terms.

"I feel it my duty at the present juncture," said the attorney's letter, "to call upon the officers and members of the American Protective League thruout the country to carry on steadfastly for the present their most effective aid and co-operation with the department of justice. The sudden termination of hostilities has reacted strongly upon the public and there is everywhere evident a desire on the part of patriotic citizens heretofore intent upon winning the war to withdraw immediately from war work. Such a course if generally followed would result in serious consequences."

**U. W. W. CAMPAIGN  
IN PORTO RICO**  
San Juan, P. R., Nov. 21.—Director Goodman of the United War Work campaign stated this afternoon that the subscriptions thruout the island of Porto Rico would amount to \$351,000.

**Bronze Medals For  
Soldiers**  
Washington, Nov. 21.—Bronze medals for all soldiers and sailors who have served in the war are authorized by a resolution adopted by the senate today and sent to the house. Senator Pittman of Nevada, author of the resolution, read a letter from President Wilson endorsing it.

**REGULATIONS ON  
NEWSPRINT CONTINUE**

WASHINGTON, Nov. 21.—At a meeting of the war service committee of the newspaper publishing industry here today, called at the request of the war industries board, to suggest what action should be taken in reference to the regulations now in force affecting newspapers, it was unanimously recommended to Bernard M. Baruch, chairman of the war industries board that the board vigorously enforce the present regulations and the restrictions in the use of the newsprint paper by daily and Sunday newspapers continue in full force and effect until February 1, 1919.

This recommendation was made to allow the industry an opportunity to adjust itself to changing conditions arising in the transition period between war and peace.

Mr. Baruch announced that he had taken the matter under advisement and would announce his decision later. In the meantime the existing regulations are to continue uninteruptedly.

**DIES FROM SHOCK OF  
BROTHERS' DEATH**

Decatur, Ill., Nov. 21.—News of the death of Clarence E. Orr, killed in action in France, when telephoned by his mother, Mrs. Thomas G. Orr, of Decatur to another son, Roy Orr, is believed to have caused his death tonight from heart trouble. He was rescued from his bed to receive news and was found dead a half hour afterward.

**YANK AVIATORS DO  
GOOD WORK**

American Headquarters in France, Nov. 21.—(By The Associated Press.)—When hostilities were suspended, American aviators had destroyed 621 more German planes and 55 more German balloons than the Americans had lost. The total number of enemy planes destroyed by the Americans was 926 and the total number of balloons 73. Two hundred and sixty five American planes and 70 balloons were destroyed by the enemy.

**TAKE OFF INFLUENZA MASKS**

San Francisco, Cal., Nov. 21.—At a signal given by the whistles and bells of the city, residents of San Francisco came from behind their gauze influenza masks at noon today. The doffing of the masks, which had been worn since October 24 followed a statement by the board of health and a proclamation by Mayor Rolph that the epidemic was over.

**HOW TO ADDRESS  
AMERICAN PRISONERS**

Washington, Nov. 21.—Letters to American soldiers who were prisoners in Germany when the armistice was signed should be addressed to the company and regiment with which they served before their capture, the war department announced today. The words "formerly prisoner of war in Germany" should be written in the left hand corner of the envelope.

**ALL RESTRICTIONS  
REMOVED**

Washington, Nov. 21.—Removal of all remaining restrictions on non-war construction by the war industries board was announced tonight by Chairman Baruch. All building operations of whatever character may now be proceeded without permits either from the board or the state council of defense.

**NOTICE TO THE PUBLIC**

Never before in history has there been as good a time as at the present to buy land as an investment. With the war over, business will get on a solid basis. The United States will have to replenish the devastated countries, which is going to take a long time; we have the ships to do our exporting, we have the materials, we have the provisions and the men to put it there. Prices on farm products are bound to be high and land will be higher. That land is a safe investment is proven by large capitalists making inquiries, the last few days, with the prospect of buying large tracts of land. I have farms of all sizes and kinds. Come and see what I have to offer. Also, city property of all kinds, and money to loan.

**Your  
Opportunity**

Never in the history of the world has there been as great an opportunity for the people of the rural districts as the present. The attention of the world has been turned to the products of the soil as never before; for grim necessity has caused those of wealth to save and divide with the millions of hungry and starving humanity. Not for years will the bins and granaries be filled again to their normal capacity.

We of central Illinois should take advantage of the golden opportunity before us; for we have the soil and water and climate, which, combined with intelligent cultivation of the soil and the rearing of live stock, will make us independent and when the boys come back from "over there" and tell us of the land selling from several hundred dollars to several thousand dollars per acre and paying dividends as the price because of intensified farming, then we will farm better and get better returns even with the advance in price of land that is sure to come, after the restoration of peace.

Now I sthe time to get you a farm before the big advance, for Capital is turning to land for an investment as never before. Come and see me and I will help you get what you want.

# The Brunswick Is a Musical Instrument

NOT AN ORDINARY PHONOGRAPH

Owners of ordinary phonographs are confined to the use of one make of record. But, no one make offers the complete selection everyone would like.

The Brunswick plays records of any make. And it plays them better than the machine for which each was originally intended. For the Brunswick was designed originally to be the Universal Phonograph. It is equipped with two distinct sound reproducers, instantly interchangeable. One reproducer is distinctly for the splendid Pathe Records, hitherto not generally available to the American public—one for all other popular makes of Records. Both steel and jewel point needles are provided.

The reason The Brunswick gives a more perfect rendition of all records can be seen in the wooden-wall sound chamber. It is built like a violin—and the same fundamentals that are responsible for the feeling and vibrancy of a violin tone gives a tonal quality to the reproduction of a Brunswick Phonograph which has made it the choice of true lovers of music.

## TEWKSBURY FUNERAL HELD IN BLUFFS

Impressive Services Held for Col. John Tewksbury Wednesday at Family Residence—Mrs. R. M. Hearing Passes Away at Home in Palmyra, Mo.

Bluffs, Nov. 21.—Brief funeral services for Col. John Tewksbury were held at the family residence Wednesday. The Scripture lesson was read from the 14th Psalm by the Rev. E. J. Reese, pastor of the M. P. church, who had charge of the service, his theme being "I have fought a good fight, I have finished my course, I have kept the faith." The service was beautifully impressive and was also delivered at the cemetery at 2:15 where a number of friends had gathered to pay their last respects to one who had been a prominent resident of Bluffs for almost half a century. The song service, with Mrs. G. W. Reese at the piano, was in charge of the M. P. quartette, Miss Faye Rees, Mrs. P. M. Green, Messrs H. D. Killpatrick and Charles Hale.

The vocal solo, "The City Four Square" was beautifully sung by Miss Faye Rees.

The bearers were Messrs H. C. Knoepfel, Levi Adkins, James Hamilton, Milton Jackson, Richard Vannier and W. H. Green. The flowers, which were of unusual beauty, were in charge of Mesdames Lillie Mills, Janie Woodson, Loris Knoepfel and Daisy Marshall.

The casket was draped with the flag, this being his request. The mound was covered with the stars and stripes around which the flower bearers carefully placed the lovely tributes of respect and esteem sent by kind friends.

"Still white face of perfect peace, Untouched by passion, freed from pain— He who ordained that work should cease Took to Himself the ripened grain."

O noble glory! your beauty bears The glory that is wrung from pain— The high, celestial beauty wears Of finished work, of ripened grain.

Of human care you left no trace, No lightest trace of grief or pain— On earth an empty form and face— In heaven stands the ripened grain."

The sad intelligence has been received of the death of Mrs. R. M. Bearing at her home in Palmyra, Mo., Wednesday, after a few days' illness of Spanish influenza, which developed into pneumonia. Deceased was 27 years of age and was until Nov. 27, 1917, Miss Bessie Smith. She was the second daughter of Mr. and Mrs. T. H. Smith, prominent farmers southeast of town. She was a young woman who was admired and loved by a host of friends for her many excellent traits of character. She was a graduate of the Blessing hospital in Quincy where she also has numerous friends who are shocked to learn of her early death. Besides her husband, she is survived by three sisters, Mrs. Greta Sanford, Washington, D. C., and Mary and Katherine Smith; three brothers, Joseph, Somewhere in France, and Wayne and Thomas, Smith at home; also her parents. Funeral arrangements have not been made.

Mrs. T. H. Smith and daughter, Miss Mary, were called to Palmyra, Mo., the first of the week by the serious illness of the former's daughter, Mrs. Bessie Bearing.

## U. W. W. CAMPAIGN AT STATE HOSPITAL.

Again the officers and employees of the Jacksonville State Hospital have not been found lacking in patriotism. As in the previous Red Cross, Y. M. C. A., and other war fund campaigns, as well as the Liberty Loan campaigns, they have come thru and gone "over the top." Out of 230 resident officers and employees, only six or less than three per cent of the total have refused to subscribe, all the others subscribing various amounts from one dollar up.

This latest success can largely be attributed to the personal efforts of Dr. E. L. Hill, the managing officer at the institution, ably assisted by Doctors Fremmel, Abbott, Marselus Sims and Dadds, the staff physicians, and the Misses Leah Walters, Helen Whipp and Clara Loneragan, the department stenographers.

The total amount of the subscriptions at the state hospital is \$965.00. The list follows:

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for cathartics, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box at all druggists.

# Getting Down to Facts

There are some men in this town who used to pay tailors a lot of extra money to make their clothes; they thought they were hard to fit. Along came the war, and a good many of these men looked around for a way to save; they wanted to have more money to invest in Liberty Bonds. They turned to fine ready made clothes like we're offering—

## Hart Schaffner & Marx Clothes

Well, here's what has happened; they've found that they can be fitted perfectly in ready made clothes; that they get the finest all wool fabrics that are woven; and best tailoring and style. And they save some money for themselves too.

There's a lesson in this experience for others who want to save; and we'll be glad to do our part any day; we'll show any man that he can be fitted in ready clothes and we'll show him a saving in the bargain.

## MORE INFLUENZA CASES REPORTED

Nearly all in homes where disease already existed—Some interesting business reports.

Thirty-seven new cases of influenza were reported to the office of City Health Physician King up to 5 o'clock Thursday evening. Of this number only eleven new placards were put out, the remaining 26 cases developing in families where the disease is already prevalent.

There are not so many cases of pneumonia as has heretofore been true. While the epidemic does not seem to be abating to any appreciable extent the health authorities find encouragement in the fact that there is not so much pneumonia developing from influenza and not so many deaths.

The epidemic has reduced the average of business for some stores but for many the records show a normal business. One well known merchant was looking over his records yesterday and found that the business of his store for November up to this date was only 3 1/2 per cent less than for the same period last year. If it had not been for the peace day closing he believes that this year's record would have exceeded that of 1917. Still another store in the business district last week sold over \$1200 worth of goods, an amount considerably larger than for the same week last year.

Where the amount of business is less, the result is caused by the fact that patrons are staying at home as closely as possible for fear of catching the disease from contact with others in the business district. The facts seem to be that there is little danger on this account if people will avoid all crowds and groups, simply transacting their business as individuals.

## RETURN FROM DECATUR

The joint annual meeting of the State School Board and City Superintendents Associations closed in Decatur Thursday noon. H. A. Perrin, superintendent of the city schools, and A. C. Metcalf, a member of the board of education, returned home yesterday. The sessions were especially interesting as several of the themes had particular reference to the war time educational problems. Prof. R. O. Stoops, now superintendent of the Joliet schools, formerly a Jacksonville resident, was elected president of the City Superintendents association.

## A REMARKABLE LADY

John Pate of 727 South West street, has returned from Camden where he went to attend the funeral of his mother, Mrs. Frances Pate. The lady was more than eighty years of age and death was due largely to a decay of her vital powers. She was the mother of twelve children, nine of whom are living. She had the unusual record of having attended the birth of sixty grand children and they were not the whole list of her descendants either as nearly all her sons and daughters take after her in the matter of large families.

## A FINE BENEVOLENT WORK

A few weeks ago four ladies decided they wanted to do something for the war and decided to have a rummage sale in one of the unoccupied buildings on South Main street. They advertised for donations and conducted the sale a time and closed out pretty much all they had, then the principal manager was taken sick and was unable to get out until this week. She yesterday informed a Journal reporter that their profits were \$111.50. Of this they gave \$11.50 to the United War Work; \$50 to the Red Cross and \$50 to the Y. M. C. A. In the list of donors they were called a special committee. The ladies absolutely refused to let their names be known and so they cannot be printed.

## FUEL ADMINISTRATION WORK TO CONTINUE

Industrial Situation Such That County Administrators are Asked to Remain "On the Job."

The fuel administration is to continue to work in accordance with a letter recently received by M. F. Dunlap, Morgan county fuel administrator. A letter came from Raymond E. Durham, U. S. fuel administrator for Illinois, asking Mr. Dunlap to continue his work and explaining the reasons why the continuance of the organization is a wise one. Mr. Dunlap in replying to Mr. Durham said:

"I am in receipt of your instructions No. 84 and in reply thereto will say that I am willing to continue as fuel administrator for this county if such is your desire. I would not feel that I had fulfilled my part in rendering service to the government during this critical period thru which we have passed unless I expressed my willingness to remain and serve as long as the government has use for these services."

In his statement to Mr. Dunlap the state fuel administrator said: To All Chairmen—

We are in receipt of a telegram from Washington to the effect that:

"State Organizations including Local Committees must be maintained. The possible falling off in production will make the distribution and conservation program vitally necessary this winter. Responsibility still rests on every member of the Fuel Administration."

Despite the fact that an armistice has been declared, that active fighting has ceased and the war is apparently over it is highly necessary that the Fuel Administration retain its organization and perform its functions to the fullest extent. We are just entering into the winter season and it is impossible to forecast what may happen from weather conditions and it is still less possible to foretell what the readjustment of industrial conditions will bring forth.

Our organization is almost entirely an organization of voluntary service, and while complementing you on the manner in which the work has been heretofore carried on, and the excellent results achieved, I wish to impress upon you the importance of remaining in this work and the importance of the work itself in the reconstruction period. The patriotism shown by individuals during this war has been wonderful, but it has been easier to give this service under the mental exhilaration of active warfare than it is to give the active service in the unexciting and plodding work of the readjustment of artificial conditions to a natural basis and in my opinion, you are now showing a higher degree of patriotism in the work from now on.

The volunteers in the State Offices in Chicago have all offered their services for as long as the Fuel Administration deems it necessary to use them and I will be glad to receive assurances from the Local Chairmen that they will "stick to the job" and assist me in the work of the Fuel Administration until such time as we are advised that our services are no longer necessary to the nation.

Your very truly,

RAYMOND E. DURHAM,

U. S. Fuel Administrator for Illinois

Accompanying the above communication were instructions indicating that since Illinois is in a more favorable position in relation to fuel supply than many other states, and because of the able assistance of the administrators throughout the state, that Illinois is in no danger of any shortage for domestic consumers because of this fact some existing restrictions have been removed. Florists are permitted to receive and burn bituminous coal without having such fuel apply on their 50 per cent quota, whenever there is a surplus of fuel which the fuel administrator believes can be spared for such services. Unless conditions materially change there will be no national order by the fuel administrator regulating the opening and closing hours of stores, offices or other mercantile establishments and places of amusement as was at one time contemplated.

## "FORD MOTOR CO. TO BUILD CARS"

The Ford Motor Co. will commence building cars just as soon as possible, and now as the boys are coming home they will want a car, and the way to have one is to get your order in early, and get your car in our first shipment. I must have your order in advance in order to get a car for you. Order today and save disappointment.

## T. M. TOMLINSON RETURNS

T. M. Tomlinson has returned from a business trip to Chicago and found things right lively in the great metropolis. He returned by way of Urbana and visited his son Edward at the State University in the S. A. T. Corps. He says he sent the young man there for a special course he could not get elsewhere. Edward is quite well and pleased with his treatment, work and surroundings. Mr. Tomlinson saw several other Morgan county boys and all are well and prosperous. Just what time they will be coming home is not known.

## HAS LETTER OF THANKS FROM SOLDIER

Miss Ruth Dorwart of 1124 South Main street is another Jacksonville girl who has just received word of the Red Cross bag she donated for the men overseas more than a year ago. She is in receipt of the following letter from the recipient of the bag, Private Raymond M. Sheltis:

Somewhere in France, Oct. 8, 1918.

My Dear Friend: I'll bet you are wondering where this letter is from. I suppose you have forgotten all about that nice little handy bag you so enjoyed making almost a year ago. The letter was dated the 17th day of Oct. 1917.

Well, your little Red Cross must have had a long, lonesome trip across the wide, wide pond. We are so longing to recross. I just received your bag yesterday and I sure was glad to be the lucky one to get it. Gee, I hadn't seen a tube of Colgate's toothpaste since I left the States, and I am using some of the very paper to write this letter on. And that bath towel, My! that was a sight for sore eyes. I can not tell you how much good that little bag was to a lonesome soldier somewhere in France.

Now, I suppose you are wondering who I am. My home is in Wisconsin, not very far from Illinois. I have been in the A. E. F.

service about 9 months. I have gone over the top seven times, the last time being on the fourth of this last month. I did not go very far because a piece of shrapnel struck me in the leg, half way between the ankle and the knee. It is not a bad wound, but I will have to stay in the hospital a couple of weeks anyway. This is my second trip to the hospital, so I don't mind it very much. We like this country fine, but we like the States better. Well, as this letter is getting very long I will have to close. Thanking you for the bag, I remain,

Your soldier friend,  
Pvt. Raymond M. Sheltis,  
M. G. Co., 28th Inf.,  
A. E. F., via New York.

This is the rear end of the Hummer, the manure spreader that will assure any farmer of the largest possible returns for 1919.

Note carefully the strong construction, the heavy steel wings mounted on a high carbon steel shaft, practically indestructible, with wide, smooth bearings and chain drive. The wings are adjusted to pulverize and spread a perfect, even, wide swath, extending beyond the rear wheels.

The all steel beater is of heavy angle iron with staggered teeth, riveted to bar which is bolted to heavy malleable spiders or hubs which are mounted on high carbon square steel shaft.

The front end trucks are built to stand extraordinary hard usage under all conditions. It has a heavy front axle, 1 1/4 inch cold rolled steel. Fifth wheel extra heavy of a special type with hard oiler. Front wheels set narrow which permits an easy, free movement in turning, and also prevents lashing or whipping of tongue on rough ground. The track of both wheels so arranged that you can scatter over corn rows when top-dressing small corn, without injury to growing corn.

If you are going to need a spreader do not overlook this great opportunity. If you are without a spreader you owe it to yourself to buy one now, and as a money maker you cannot equal this.

Top dressing any growing crop makes big money.
